Play is an essential element in the development of well-rounded, healthy children. It is vital to their intellectual, social, emotional, and physical development.

- Robert Michnick-Golinkoff, Ph.D. and Kathy Jirsh-Pasek, Ph.D.

Research shows that children who PLAY regularly with adults experience the greatest developmental benefits. It helps children know they are loved, enhances self-esteem and builds healthy relationships.

PLAY ...
- Lays the foundation for reading, writing, mathematical reasoning, creativity, critical thinking and a general love for life and learning.
- Fosters social skills like sharing, listening, following directions, cooperation and conflict resolution.
- Nurtures emotional skills like self-control, self-reliance, setting realistic expectations and resiliency.
- Builds physical skills involving balance, hand-eye coordination, flexibility and agility.
- Develops skills that are necessary for success in school and the future workplace.
- Inspires a happy productive life.

Imagine Children’s Museum emerged to fulfill the need for a place where children and their families could spend quality time PLAYFULLY learning together year-round. The Museum is a unique cornerstone in Snohomish County, giving children informal learning experiences that support the growth and wellbeing of our children and our community.

Community Benefits

A UNIQUE AND VITAL COMMUNITY RESOURCE

• Makes playful learning available for families living in Snohomish County and the Puget Sound region.
• Offers a fun and affordable learning environment year-round, rain or shine.
• Provides a wholesome child-centered gathering place for providers serving children, including youth organizations, social service agencies, school groups and shelters.
• Supports our schools’ educational efforts through enrichment programs, helping to ready tomorrow’s workforce.
• Provides literary, cultural, visual and performing arts and STEM (science, technology, engineering and math) access that is often not available or affordable in Snohomish County.

A HUB FOR VOLUNTEERS, PARTNERS AND COLLABORATIONS

• Creates opportunities for students, business professionals, community members and seniors to volunteer, sharing their expertise and developing new skills.
• Collaborates with businesses and organizations to support the work of the museum and the well-being of children and families in our community.
• Partners with national and local organizations:
  - National Cultural Competency Learning Institute
  - NASA Museum Alliance
  - Thrive Washington’s “Discoveries from the Field” Consortium
  - Science Beyond the Boundaries, National Early Learners Collaborative
  - National Informal STEM Education Network

AN ECONOMIC DRIVER

• Makes Snohomish County a family-friendly community - a great place to work, live & play.
• Draws visitors from Snohomish County, throughout Washington, all 50 states and internationally - a destination tourist attraction.
• Supports community development and revitalization.

Impacts

**PLAYING TOGETHER**
Exhibits, programs and activities are designed to engage children ages 1-12 and accompanying adults important in the child’s life. Caring adults are a child’s first play partner, teacher and role model.

**ENGAGING HANDS-ON EXHIBITS**
Unique exhibits spark imaginations, pique curiosity, encourage problem solving, promote cooperative play and are “fun” for the young and young-at-heart.

**INFUSING FUN INTO LEARNING**
Art, culture, history, science, health and other subjects are injected with a WOW factor, ensuring that learning is fun for all.

**CELEBRATING DIVERSITY AND OPENING WINDOWS TO THE WORLD**
Cultural events and activities allow children to experience the world with increasing awareness, understanding and mutual respect.

**BUILDING LIFE-LONG RESILIENCY**
Museum play provides a myriad of experiences that allow children to interact with others. Early interactions are the foundation for how children respond to challenging situations throughout their lives. Through play, caring adults become active participants in the child’s development.

**EMBRACING EQUITY**
Focused programs meet the needs of a variety of special groups who are often underserved. Examples include Military Sundays, Sensory Time (autism), summer Discovery Club (reading intervention), GRANDFamilies and Afterschool Science Clubs (low-income).

**ELIMINATING BARRIERS**
Free & reduced admissions remove financial road blocks. Expanded hours accommodate working families. Bilingual staff, programs and materials create a welcoming environment. Exhibits are thoughtfully designed to enable intuitive playful interaction, removing language and reading barriers.

**CULTIVATING LIFE-LONG LEARNING**
Playful Museum experiences allow children to learn in challenging and meaningful ways that lead to fun-filled aha! moments. When play is nurtured children thrive and develop a love of learning that lasts a lifetime.

**INSTILLING A SENSE OF BELONGING**
The Museum is a gathering place where children and families come together and connect, fostering new friendships and links within the community. Now more than ever, connectedness is a vital part of well-being for both children and adults.
Providing emergency shelter and care is an important part of what our non-profit organization does, but equally important is providing an opportunity for abused and neglected children removed from their homes to just be “kids.” Imagine Children’s Museum is such an important resource for our children. It seems no matter the chaos the kids have come from they are able to leave it behind when we take them to the Museum where they can explore, imagine and dream. Questions related to their crisis situations like “Where will we go?”, “Why does this always happen to us?” are replaced at the Museum with “Can I be a veterinarian?”, “Want to fly on our airplane?” and at the end of the day, the usual “Do we have to leave now?” Imagine Children’s Museum is a vehicle for our caregivers to build trust, assess personalities, and love on our children in a safe, secure environment.

Todd McNeal, Executive Director, Hand in Hand

“After suffering a stroke, I believed I could never serve a useful purpose in the world. A friend introduced me to the volunteer program. I now volunteer five days a week helping ensure the facility is clean and getting it ready for when the kids arrive. Being an Imagine volunteer brings me great joy, a sense of belonging and I know what I do here is important.”

Fred Powell, Volunteer

“Hi, I am writing you because a year ago a tragedy hit our family hard. My three grand kids lost their father to suicide and almost took their mother too ... leaving me and their aunt to watch over them. I am disabled and caring for them was physically and financially difficult. At that time your museum was more than gracious to give us a family membership to help keep their minds busy and give them chances at forgetting what was happening in their life, if for even a few hours at a time. I can’t even express what a huge blessing this was for us and how much it was needed. I would like to once again ask for access to the Museum so the children can continue to play in a fun and safe environment. While time has passed, the challenges that remain are very significant and the Museum continues to be a special place for us to come. Indeed you are a blessing to the community.”

Tax ID #94-3153591

Imagine has earned its third consecutive 4-star rating from Charity Navigator, America’s leading independent evaluator of charities for financial health, accountability, high professional standards and continued institutional improvement. “Only 18% of the charities we evaluate have received at least three consecutive 4-star evaluations... This exceptional designation sets Imagine apart from its peers and demonstrates to the public its trustworthiness.”
Michael Thatcher, Charity Navigator President & CEO

In 2017 Imagine achieved American Alliance of Museums accreditation, the highest national recognition afforded the nation’s museums. Accreditation brings recognition to Imagine for its commitment to excellence, accountability, high professional standards and continued institutional improvement. Of the 33,000 museums in the U.S., just over 1,000 have earned the distinction of accreditation and fewer than 20 are children’s museums. Imagine is proud to be the only accredited children’s museum in the Pacific Northwest.

“Accreditation is clearly a significant achievement, of which both the institutions and the communities they serve can be extremely proud.”
Laura L. Lott, Alliance President and CEO
